

Gateways with soul

Know about **THE PROGRAMMES**

Unique and memorable soulful proposals that will awaken all your senses.

The Turismo Vivencial programmes were created to offer another type of trip where our clients are the protagonists. Exclusive experiences and participative proposals to enjoy with family, friends or work colleagues.

All the proposals can be adapted to the interests of the group, although some of the activities are conditioned to an annual calendar and the climatology of the area.

Short getaways proposals for short stays but also flexible to add more days. **We have many more experiences ready to discover a world full of flavours, colours and aromas, without additives..**
