

GREENWAY OF THE TAJUÑA

A Greenway near Madrid to enjoy

DESCRIPTION

Because of its proximity to Madrid, it is one of the most visited Greenways. You can ride a historic railway and visit a small Railway Museum. At the end of the route you will find a wide variety of local cuisine based on local products. In the middle of the path, the Chávarri Station and the crystalline waters of Carabaña, an impressive plain of poppies in spring.

It can be reached from the center of Madrid by public transport. We'll wait for you to give you some good walking sticks or a bicycle. If you come from outside of Madrid, you will have a unique opportunity to get to know the Austrias district and also the nearby city of Toledo and the impressive walls that surround the city.
